## 'Goofed' Estimate Adds To Expense Owners Say

SAN DIEGO (CNS)—Lemon Grove property owners at the Tuesday session of the County Board of Supervisors "protested" a proposal to form a 1911 improvement act district for work on Colfax dr. in miniature proof that government help is not free . . . it's expensive.

Ernie Smith, spokesman for those in protest, said they were not against improvements, but were opposed to the cost of the project.

A road department spokesman admitted that the county had "goofed" in not giving property owners an accurate report on the drainage facilities

that would be required. He said the extent of this improvement was not known until field studies were made.

Smith also said that no work had been done on Colfax since 1953, despite road department claims to the contrary, and Supervisors asked David K. Speer, road commissioner, for an explanation of the conflict between his department's record and the statements of property owners.

Speer recommended to Supervisors, if the Colfax drive im-

provement project ever be revived, that the county not agree to improve the parts of the street that property owners were not going to work on.

In the project dropped Tuesday, property owners were to put in sidewalks, curbs, gutters and some drainage facilities. And the county had agreed to pave the road from the curbs to the existing improved portion of the right of way.

Supervisors were also told that the county has spent \$2,900 for work for the improvement district.

## Spears, Streich In Race To Keep Hospital Seats

Well-known localities in campaign to retain positions on the Grossmont hospital board of directors are Jim Spears and Homer Streich.

Opposing the board members are W. B. Ramsey, F. L. Wendt and H. E. Abell.

Streich, who worked for the formation of the Grossmont District formed in 1952, has served the district in various capacities ever since. Recently, he was awarded a plaque by personnel of the hospital. The

registrars of voters' office, at the request of the California Division of Highways out the population at 15,530. But spokesmen for Casa de Oro and La Presa protested these areas being included in Spring Valley. They claimed that each was a separate community, removed from Spring Valley.

Supervisor David W. Bird who represents all the area involved, said Tuesday he had been unable to get any agreement from local interests or how to describe the community.

A motion to "file" the whole problem was made by Supervisor Frank A. Gibson, but he withdrew it when Bird suggested that taking the problem "under advisement" would permit some action in case he was able to work out a solution to the controversy.

plaque was inscribed "Mr. Grossmont Hospital," the sobriquet he has earned for long hours of service.

Jim Spears, a Lemon Grove business man and civic leader, and flying enthusiast was appointed to the board in 1961. The committee sponsoring the two men lists the following men:

Lewis F. Smith; Dr. Jordan Detzer, Pres. Homeland Pastors' Assn.; Robert Vaughn, Pres. Lemon Grove Chamber of Commerce; Charles Cordell, Pres. Joint Aviation Council, Lakeside, Santee, El Cajon; Buzz Arnett, Manager, La Mesa Branch Bank of America and Charles M. Ross, M.D.

## Schools Here To Mark 'Professional Growth'

Pupils will be excused about an hour earlier than usual on Monday, when teachers in the Lemon Grove School District observe the first in a series of three professional growth days. Except for morning kinder-

gartens, which will not be affected by the scheduling, all classes will enjoy early dismissal while their teachers go "back to school."

S. K. Solleder, assistant superintendent, announced that uses will adjust timing to accommodate all pupils who travel. Parents are requested to make arrangements for boys and girls arriving home about 10 minutes earlier than usual.

The three days, November 5, January 25, and March 25, will be devoted to professional study and discussion, all aimed at keeping certificated personnel abreast of changes in teaching methods and changing emphasis on academic subject matter. New fields and areas of knowledge make this mandatory if the curriculum is to keep pace with them.

In addition to the three afternoons of study, teachers gain additional know-how through frequent in-service building meetings sponsored by principals. Also, smaller groups of teachers work on specific curriculum improvement projects during each year, and many instructors at Lemon Grove attend evening classes and meetings to strengthen the teaching program.

This year special emphasis is being placed on the science program at all levels as well as on the new state framework for social studies. The latter includes history, geography, civics, economics, and political science as they relate to the various grade levels. There is also concentrated study in the approach to improved arithmetic.

Supervisor David W. Bird who represents all the area involved, said Tuesday he had been unable to get any agreement from local interests or how to describe the community.

## PAIR MAKES 77TH. ASSEMBLY RACE INTERESTING

77TH DISTRICT — Dick Donovan, a young, handsome attorney (left) is making his first political try by running as the Republican candidate in the new 77th Assembly District. Running ahead in some polls, although the registration is against his party, he is opposed by Democrat Armando Rodriguez, a

vice principal at Gompers Jr. High School in San Diego, also a first time runner. He moved to his new home on Massachusetts ave., L.G. a few weeks ago. Donovan recently came out for a stronger anti-Communist law, claiming the Francis Amendment put emphasis in the wrong place.

## Funeral Held Monday For Pioneer Valleyite John Edward Abbott

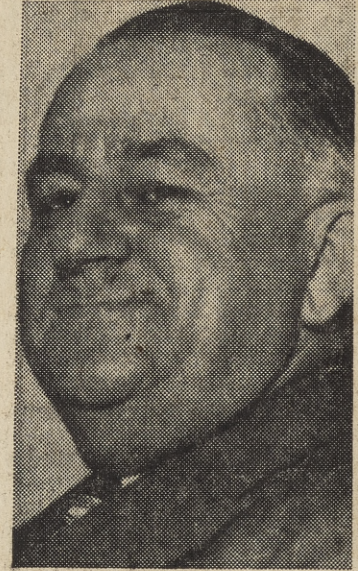

Funeral services for John Edward Abbott, 73, of 3981 Spring dr., Spring Valley, pioneer Valleyite and long time realtor were held Monday of this week (Oct. 29) at Bonham Bros. Mortuary, with interment in Ft. Rosecrans National Cemetery. Dr. Peter Smith and Rev. Edward Carney of the First Baptist Church of San Diego, officiated. Mr. Abbott died Oct. 24 in a hospital after being stricken Oct. 19.

A native of London, England, John Abbott came to the United States in 1893, to San Diego in 1914 and to Spring Valley in 1916, first living on Panorama dr., then moving to his last address. He was a veteran of World War I, serving in the Army as a second lieutenant with the 43rd Machine Gun Battalion. He was a member of World War I Veterans, Barracks 240 of San Diego.

WAS SCOUT OFFICIAL. Always interested in boys, John Abbott spent over 30 years as a Scout leader in La Mesa. For his outstanding service in Scout work he was awarded the Silver Beaver award, one of the highest honors that can be bestowed on an adult Scout leader. He served on the board of trustees of the La Mesa-Spring Valley School District from 1922 to 1947, serving as president several times and on the Grossmont Union High School District board of trustees from April, 1933 through June, 1941.

Interested in community affairs, John Abbott helped organize and became a charter member of the Spring Valley Chamber of Commerce in 1935 and was active in the Chamber until a short time before his death.

Another one of John Abbott's interests was the development of San Diego and its harbor. He was a charter member (1947) of the Industrial Development Association and a member of the Highway Development Association. It was he who always was behind a move

JOHN EDWARD ABBOTT

to construct a tunnel through the east coast mountains as part of a low-level highway to the east. He made several trips to Washington, D.C. and San Francisco to discuss the tunnel with high officials. Charles Blumenschein, first president of the Industrial Development Ass'n, said Abbott was "always ready and willing to go anywhere and speak before any group of people on the development of the southland." Abbott had a large collection of maps in his office, showing every highway and byway in San Diego County and other southland areas, and could talk and answer questions on any development plans.

### WANTED TO TRAVEL

John Abbott recently told a colleague that he understood the county had plans to take his real estate office to make room for the re-routing of part of Bancroft dr. In the event he sold out he planned to go traveling, he told his colleague. He said he particularly wanted to make a trip up the Amazon River to see for himself the many things he had heard and read about that famous body of water.

John Edward Abbott is survived by his wife, Mildred; three daughters, Mrs. Lily Holsclaw, of La Mesa, Mrs. Violet Herbert of San Diego and Mrs. Louise Roberts of Cotati, Cal.; a brother, Fred H. Abbott of Davis, Cal.; seven grandchildren and one great-grandchild. He had one son, Jack, a graduate of West Point, who as an aviator, was killed in World War II.

### EARLY CONTRIBUTIONS SPARK PARK PROGRESS; NAME BEING SOUGHT

The Lemon Grove park which is being built at Washington and Alton streets is getting a lot of attention from local organizations. Both the Lions and Kiwanis have earmarked funds for park features, and other local clubs are thinking about doing so. It brings to mind that the San Diego County Parks and Recreation Department, which is constructing the fundamental park, announced when it began that park "extras" would be up to the community.

No one would have expected the local groups to respond so soon and so generously. (Lions Club, 2,000; Kiwanis, \$600). It means that the L.G. Park will be a good one, probably one of the best in the county. No one knows exactly when the park will be usable, but undoubtedly by next summer Grovans can be singing, "While strolling through the Lemon Grove park one day."

Despite this unforecasted good fortune and progress for the park, it has no definite name although it has been called up to now, "Greenspot Park," a pretty name at that.

Mrs. Dottie Nottingham, chairman of the Lemon Grove Coordinating Council's park committee will be glad to hear your suggestion for a park name. You may write to her in care of this newspaper. I'd like to put forth my suggestion. It is "Grove Greenery" or "Grove Greenery Park." Another suggestion is that the present name, "Greenspot Park" be retained since it's already known by that and the name is good.

### LEMON LOVERS, WHERE ARE YOUR FENCE DIMES?

While on the subject of Lemon Grove progress, we should consider the L.G. plaza "fence around the lemon" fund. It has swelled to 15 cents. We haven't priced a wrought-iron fence but the fund so far gives little hope for the project. Let's swell that fund a little more.

## Spring Valley Man Hurt IN Rear-End Collision

Injuries to a Spring Valley man and a Spring Valley boy and children playing with matches were news in the Spring Valley Fire Department's week.

Willis Austin, 32, of 1456 Helix st., was taken to Grossmont hospital on Oct. 28 after being injured in a two-car accident on Sweetwater rd., about 500 feet south of Palm ave. According to the California Highway Patrol, Mrs. Virginia Mae Laws, 37, of 8040 Longdale

dr., Lemon Grove had stopped her car and was preparing to make a left turn. Austin, driving too close to Mrs. Laws, crashed into the back of her car. He was cited by the CHP for driving too close. A passerby notified the Spring Valley Fire Department and the S.V. ambulance took Austin to the hospital.

Also on Oct. 28, Dan Rappolee, 7, son of Mr. and Mrs. Don Rappolee of 3606 So. Bonita st. was given first aid after he had apparently fallen and cut his forehead.

Jewell Spencer, 44, of 1260 Presioca st., was taken to County hospital on Oct. 23, due to sudden illness.

On Oct. 25, Guy Meneely of 10509 San Carlos dr., was taken to Grossmont hospital due to illness.

The two fires of the week were attributed to children playing with matches. Fire No. 1 was on Oct. 28, and burned six acres beginning at 1322 Sweetwater rd. The second fire was on Oct. 28 and burned just a small area near the S.V. Sewage Treatment Plant near

The committee numbers sports figures from the worlds of football, baseball, boxing, golf and tennis, as well as others such as Ed Breitbard and Leo Calland, who are better known for their connection with the Hall of Champions in Balboa Park.

San Diego Chargers Dave Kocourek, Paul Lowe and Don Norton, along with San Diego State Coach Don Coryell and Cal Western Coach Al Lewis, represent football. Duke Ferrara, former Naval Academy football star, is also in the group.

As a successful businessman who started from scratch, he knows how to make jobs, for he has already made them," Mason said.

"Furthermore, he has conducted his entire campaign in a spirit of good sportsmanship," Mason added.

## Jamacha Rec. District Petitioners Too Late

SAN DIEGO (CNS)—Proponents of a "Jamacha Recreation District" have waited too long to circulate petitions to use

available registered voter figures, it was disclosed Tuesday.

The law requires that petitions for formation of such a district contain the signatures of at least 25 per cent of those who cast their ballots in the last election for governor.

By the time the ballots can be circulated and submitted to the County Board of Supervisors, the 1962 election for governor will be a matter of record.

Bertram McLees Jr., county counsel, said Tuesday that he had advised the attorney for proponents of the district that those wanting to form the district would be wise to get a good margin of signatures over the 1958 vote for governor.

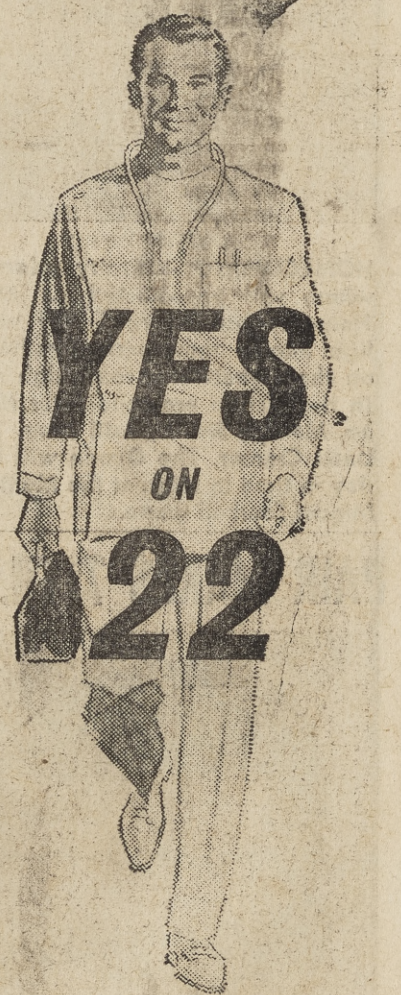

William C. Faulstich is attorney for those forming the district. There were 5,145 registered voters in the proposed district in the 1958 election for governor. The law requires that 25 per cent of these, or of the votes cast next Tuesday, which-ever is larger, be on the petitions.

**PROPOSES CAMPSTER TAX RELIEF BILL**  
Sen. Hugo Fisher announced that he would introduce legislation during the next session of the Legislature to provide that camper units, attached either permanently or temporarily to a vehicle, would not be considered in computing weight fees for commercial vehicles or assessing license fees based upon market values.

The bill also would define camper unit as "any unit designed and constructed for attachment to the bed of a pickup truck or similar vehicle suitable for camping purposes."

Fisher said that the law at present requires the Department of Motor Vehicles to include the camper when computing the value of weight of the vehicle for licensing purposes resulting in an increase in license fees for those people using pickup trucks for camping.

## BANK MANAGER NAMED CHAIRMAN OF LEMON GROVE UCS DRIVE

LOCAL UCS CHIEFS — Jack Cummings (right), manager of the Lemon Grove branch of Bank of America is heading the United Community Services here. In photo he looks over UCS material with one of his group chairmen, Bill Hansen.

John Cummings, Bank of America branch manager in Lemon Grove, has been named division chairman of the United Community Services campaign in Lemon Grove by Jim Lukens, UCS Heartland area chairman.

Cummings, of 1645 La Corta, has just arrived in Lemon Grove from the San Francisco area to head the new bank branch.

As chairman of one of the seven geographic divisions within the Heartland area, Cummings is selecting three group chairmen. These men will be responsible for recruit-

ing and training individual campaigners to work within the groups they head.

Cummings already has selected one of his group chairmen. He is Bill Hansen, Seaboard Finance Company branch manager in Lemon Grove. Hansen, of 1253 Concord, El Cajon, will head the commerce and industry group.

Byron L. Netzley, superintendent of the Lemon Grove School District, will serve again this year as public service group chairman. Netzley, of 2324 Golden, L.G., has been

associated with UCS since 1950.

Both Netzley and his wife, Helen, are active in community affairs. Mrs. Netzley has been president of the Ninth District, Parent-Teachers Association, while Netzley is a charter member and former president of the Lemon Grove Kiwanis Club and has held offices widely within education circles.

## Fringe Benefits Are Wonderful ... But Someone Pays The Bill

Our interest has dwelt for these several weeks on a letter sent to us by Harry Griffen, president of the board of directors of the Helix Irrigation District. He sent it as an invitation to attend the Chet Harritt dam plaque unveiling ceremonies two weeks ago.

He spelled out the growth of the district during the past decade and the figures are impressive. Population, revenue, water consumption and assessed valuation all went up dramatically ... most of which contributed to our water tax reductions.

Number of employees rose only slightly; from 105 in 1951 to 134 in 1961, an increase of 27%.

Wages went up 123 per cent from \$354,630 to \$761,479. In the fringe benefits category, the increase was an astronomical 375 per cent; from \$27,199 to \$129,250.

The report was in no way a complaint but it did reveal that a group that is 27% larger, drawing 123% more base pay, and being given 375% more in fringe benefits is doing pretty well.

Better, I suspect, than many of employees in private industry although this condition isn't unique to the irrigation district.

The only note of alarm we would sound is that the item, labeled "fringe benefits" is often ignored by the public as it views the cost of doing business but at the present rate of acceleration it could bog down the entire wage structure.

"Hidden costs" today have become so insidious that few other than the head of the business realize that most any business man would exchange his net income for the amount of his taxes.

Fringe benefits, in a manner of speaking, are much like taxes. They are paid silently and do not show on employees' paychecks.

Fringe benefits, worthy as they are, take another bite of business income and whether the business is private or public, prices must go up to compensate for the added cost-of-doing-business burden.

## Turnout For Auto Safety Check Doubles 1961's

Last Saturday's Auto Safety Check held in Lemon Grove on the parking lot of the First National Bank brought out twice as many cars this year as last, according to Mrs. Warren Peterson, safety chairman of Lemon Grove Juniors, sponsoring organization.

The total this year was 139. Last year it was 68.

Mrs. Peterson said that about 80 per cent of the cars earned "perfect shape" stickers for their owners. The stickers were awarded by the San Diego County Traffic Council. From 5:40 per cent of the people who won the stickers didn't pass the check at first. They got their cars fixed and returned in time to get them, it was reported.

Twelve members of the L.G. Juniors, eight of L.G. VFW and the California Highway Patrol ran the annual car safety check.

Three people won seat belts because of their place in the line. They were Mrs. Max S. Powers, 8134 Longdale dr., L.G., who was 25th in line; Mrs. George Teigen, 8110 Baldwin rd., L.G., 50th in line, and J. P. Frontiero, 7353 Central, L.G., 106th in line.

Spears Ford contributed the seat belts to aid the safety check.

Two hundred suckers were donated for kids at the safety check by Ranchers Market in L.G. A visitor on the scene was KOGO-TV, a kangaroo which is mascot of KOGO television, channel 10.

## Betts Says Mud Is Being Slung

Bert A. Betts, the State Treasurer, said this week: "My opponent has not been able to raise any valid criticism of my administration of the State Treasurer's Office. He has done nothing but agree with the policies I have established. As a result, he has resorted to attacking my personal integrity in the oldest and lowest form of political deceit."

"We can be assured that my opponent will continue his desperation attacks until November 6. Until now, I have answered each individual allegation, but I will no longer assist him in his publicity stunt. Instead, I will make one simple statement. And, that is: there is not now, nor has there ever been during my administration, nor will there ever be as long as I am in office, any conflict of interest on my own behalf or on the part of my appointees. Further, I will not be a part of any campaign employing mud-slinging and gutter tactics," Betts said.

His opponent, John Buserud, a Republican, is an attorney.

#### Sabin Type 1 Given 60%

Another 238,278 persons turned out Sunday for the second round of type 1 Sabin oral polio vaccine bringing the county's total to 569,280 persons now inoculated.

In Lemon Grove, 8,504 persons took a quick swig of the vaccine. The week before 8,754 did it.

In Spring Valley 8,421 drank it; the week previously 8,545 did.

Included in the county total were 1,600 inmates of city and county jails and juvenile homes.

The County Health Department had hoped for 80 per cent participation instead of 60 per cent it achieved.

Dr. John A. Bishop, Sabin On Sunday chairman said it was gratifying nonetheless.

"We hope more people will come to clinics Dec. 2 and 9 when type 2 vaccine will be offered," he said. Dr. Bishop also thanked the 25,000 volunteers in the program.

## Grade School Youngsters Urge Voters

Golden Avenue School Student Council members are planning a community campaign to insure maximum turnout of all registered parents of Golden Avenue Elementary school students. The students indicated they consider the right to vote a serious responsibility of every citizen, young or old. Irene Kempton, student council president, reports that a committee is busy designing and duplicating "I Have Voted" tags. These will be distributed early Tuesday morning to all polling places within the Golden Avenue school area.

Another committee will advertise this project among all the youngsters of Golden Avenue school with banners and talks Monday. The student body will be alerted to request that each of their parents vote and bring home enough "I Have Voted" tags for each school age child in the family. On Wednesday a count will be taken in each room and the room with the highest percentage of voters will have its picture taken for the Student Council Activity book.

# Cuba Negotiations Is Russia Victory--Jim Utt

ORANGE (SPCL)—"Khrushchev has just obtained his greatest victory," Congressman James B. Utt charged Tuesday at a Chapman College convocation.

The charge came when Utt, five-term incumbent to the 35th Congressional District, answered a question on the U.S.-Russian proposal for withdrawal of Cuban-based missiles.

Utt stated that in his opinion "the proposed negotiations, as reported by newspapers, are a shameful betrayal of the Cuban people as well as freedom loving people behind the Iron and Bamboo Curtains."

"The International Communist Conspiracy wants to operate in the Western Hemisphere without hindrance," Utt said. "Khrushchev did not seek this

negotiation. He responded to an urgent request from the President and the United Nations."

"This disgraceful accommodation to the Kremlin will leave American security as precarious today as it was before the so-called quarantine was established."

Utt called the proposal "an announcement to the world that America is no longer interested in them, but stands ready to trade man's freedom for a moment of reduced tension in America."

He reminded that "President Kennedy has promoted Cuba's imprisoned people on several occasions. We will not desert you. And now (Kennedy) proceeds to leave them to the tender care of Fidel Castro and

his Soviet masters."

One of the first to warn of the Soviet arms build-up in Cuba, Utt claimed Khrushchev will receive assurances from the U.S. that the Soviet-Cuban axis can be headquartered in Cuba without hindrance from this government.

"There is no assurance," Utt said, "that their missiles will not be rebased in Cuba or other South American countries. And if it takes the Administration as long to discover a rebasing, as it did the initial installations, our danger is compounded."

Remaining threats other than missiles cited by Utt include the airstrips, first strike aircraft, "still permitted to come and go," and the submarine bases "still under construction."

## Spring Valley Chamber Very Happy About Third Annual Parade Sunday

by TOMMY THOMAS

The Spring Valley Chamber of Commerce sponsored third annual Spring Valley parade held Sunday, Oct. 28 was a huge success, according to Chamber President Deane Russell. It was reported that approximately 40,000 people witnessed this beautiful event. President Russell, his organization and committees want to thank all the persons who made the parade so successful.

Especially thanked are George Scott, who acted as grand marshal; Frank Davis of the Bank of America, north Spring Valley (parade chairman); Chuck Tinkham of the Bank of America, south Spring Valley (publicity chairman); and those who contributed the public

address system, Spring Valley Little League, Valley de Oro Little League, T. C. Dickson of 9038 Jamacha rd., and the Electrical Appliance Repairs at 1834 Skyline dr., Lemon Grove. Deane Russell said he doesn't want to forget anyone who helped, and he especially wants to thank the huge crowd from all over the county, who attended.

**WHY SUCCESSFUL?**  
S.V. Chamber President Russell feels this is a big step forward in creating business and harmony within the limits of Spring Valley, for he had this to say:

"The tremendous success of the third annual Spring Valley parade can be attributed to the cooperation of each and

every organization representing the entire Spring Valley area. I am sure that after studying the participation and organization that has gone into the parade, I can readily see the purpose for and reasons why Spring Valley should remain one complete area. This effort on everyone's part, the areas of south Spring Valley, La Presa, Casa de Oro and the businessmen throughout Spring Valley in general is ample proof that there is very little that cannot be accomplished for the citizens of Spring Valley."

### PROBLEMS CONFRONTED

"True, there are problems and difficulties that must be worked out. However, they can be eliminated and will be eliminated if we remain together and try to understand each of these problems."

"I feel Spring Valley is on the threshold of complete and understandable unity, whereby citizens and businessmen of the area can reap the profits of experience and growth that come with harmony and effort, when channeled in the right direction."

"I would urge representatives and businessmen of each area to meet with the board of directors of the Spring Valley Chamber of Commerce and begin the programming of our Spring Valley area as an outstanding residential and business district, unsurpassed in the state of California."

### Reservists Authority Like 'Shotgun Behind The Door'—Engle

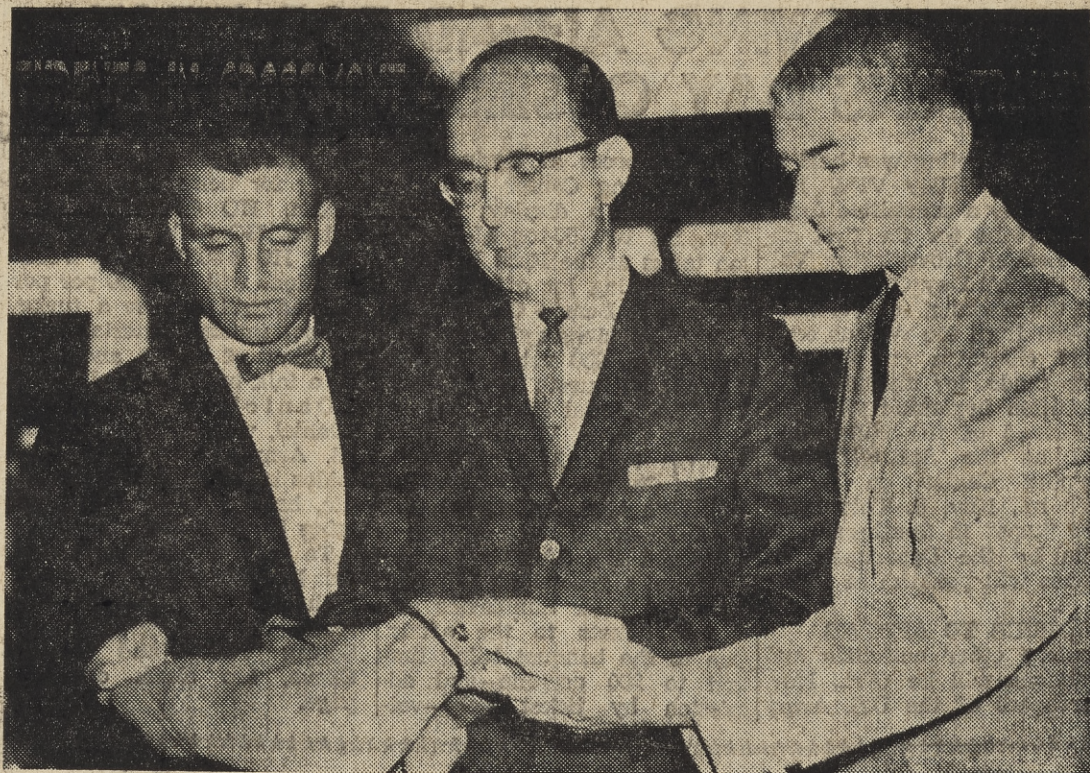

WASHINGTON, D.C. — Senator Clair Engle (D-Calif.) said that giving the President authority to call up 150,000 Reservists is a "shotgun behind the door" to be used whenever necessary.

"This defense is necessitated by the possibility of sudden U.S. military involvement in trouble-spots around the world," Senator Engle said.

"By getting approval of Congress before it adjourns, the President will have the authority to utilize the Reservists at any time during the fall or winter, if necessary."

"The authority is like a shotgun behind the door—you have it there because you never know when you might need it; but most of the time you just leave it sitting there."

The course is unusual in that students get on-the-job management training with outside firms and are paid for their work. Trainees are in a two-year curriculum. "At the end of their training," Dr. M. Fred Tidwell, coordinator of the program stated, "students should be well on their way toward

management positions."

## Calif. Opens Scholarship Competition

The State Scholarship Commission officially announced the opening of competition for State Scholarships for the 1963-64 college year. Four thousand four hundred and eighty scholarships have been authorized by the Legislature for the next school year. It is estimated that nearly 2,000 will be open to new Scholarship winners.

Reverend Herman Hauck of San Francisco, chairman of the Scholarship Commission, estimates that 17,000 high school seniors and college students will enter this eighth competition for State Scholarship awards which may be used for tuition at California colleges up to a maximum of \$900.

Application forms, bulletins, and informational materials have been distributed to the approximately 900 secondary schools and colleges throughout the State. Counselors will assist students in preparing the necessary applications which must be postmarked by midnight Jan. 8, 1963.

Competition for State Scholarships is exceptionally keen. Arthur S. Marmaduke, executive director of the commission, estimates that all new award winners this year are within the top eight per cent of academic ability as measured by scores on the College Board Examination. In addition, approximately one-half of the new freshman award winners this fall will be majoring in math, science, or engineering.

### SECRETARIES PLAN DINNER

### PASSAGE OF PROPOSITION 1-A URGED BY TREASURER CANDIDATE

Assemblyman, John A. Buserud, candidate for State Treasurer, in a speech before the students and faculty of Fresno State College, gave his unqualified support and approval of Proposition 1-A, the 270 million-dollar bond issue for college and university construction. "Approval of Proposition 1-A is vitally necessary to provide classrooms and facilities for our State college and university expansion."

Buserud noted that 80 per cent of the bond issue or 216 million-dollars will be an investment in the future of California and the nation by providing a better college education for our young adults.

"If elected Treasurer of California this fall, it will be my responsibility to market these bonds to provide the funds for such expansion," said Buserud.

by DOROTHY JONSON

Yes, your roses can suffer a severe infestation of aphids in the fall. They don't always do so, but, if they do, it is just as serious as it is in the spring. This is because autumn is the egg-laying period for the female aphids and the one time in the year when the males are present to fertilize the eggs.

If your roses should have this trouble, spray them thoroughly with a good aphid spray. I personally like a nicotine spray especially for aphids. Clean them up thoroughly so that your roses can benefit in the fullest measure when you give your garden its clean-up spray later in the month. There is a nicotine spray that contains copper, which combats fungus in the same operation, but since your clean-up later will be a fungicide, a plain nicotine spray right now is just as good. Read the labels on the products you buy. Be sure the product you buy contains the chemicals you want for your purpose.

### Scouts Of Pack 318 Awardees On Oct. 26

Cub Scout Pack 318 of Lemon Grove sponsored by the First Congregational Church, held its first monthly pack meeting on Oct. 26 at 7:30 p.m. in the church fellowship hall. Den 6 opened the meeting with the Flag Ceremony and the Pledge of Allegiance, followed by the Inspiration given by Den 4 mother Mrs. McCabe. Cubmaster Ray Hiserman then welcomed the Scouts, parents and guests present. Boone assisted the Cubmaster with Bobcat ceremonies which followed. New Bobcats are Bruce Wollitz, Den 7; Neil Stalnaker, Addison Pemberton, William King, Mark Owens and Jordan Dexter, all of Den 8. Cubmaster Ray Hiserman requested that all parents stand, give the Cub Scout sign and repeat the Parental Pledge. Den 7 then put on a skit about litterbugs and fire prevention. The Cubmaster then presented awards to the following boys—Greg Keyes, One Year Pin, one Gold Arrow and two Silver Arrows and a Bear Book; Ralph Gale, One Year Pin; Kent Askew, One-Year Pin and Bear Book. These Cub Scouts are all in Den 6. Mrs. Askew is the new Den Mother for Den 6.

In Den 7, John Thomaselli received his Denner Stripe, Gold Arrow and Bear Book; Roger Corbum, three Silver Arrows, Lion Book—he will be going into Webelos—and John Mercer, Wolf Badge.

Pack 318 will hold its annual uniform inspection at the November pack meeting on the fourth Friday of the month. At this time the Cub Scout charter will be renewed, providing enough parents are interested and sign up for openings on the committee. Anyone interested in having their son go into Cub Scouting may call Ray Hiserman, HO 6-1034 for additional information.

## STOCK CARS RACE SUNDAY

**FLYING CAR** — A split second after the camera stopped this car in mid-air, the vehicle stopped flying through the air and came to a jolting, dusty landing on the Cajon Speedway track at El Cajon at Gillespie Field. Driver Rudy Skuija was not daunted by the experience, which is a relatively common occurrence at the popular local track. Winter activities are underway at Cajon Speedway and this Sunday at 1:30 p.m., stock cars will perform for race spectators. Among drivers will be Skuija, who is ranked as the tenth best driver at the track. Regardless of their ranking, drivers of the stock cars frequently go through experiences like that shown in the photo above.

## Punt & Pass Contest Deadline Extended

Deadline for Ford's Punt, Pass and Kick contest has been extended until Friday at 12:30 according to Lloyd Fish, Spears Ford executive, who is in charge of the contest.

The contest itself is scheduled for Saturday at 12:30 at the ball field of the Lemon Grove junior high school. Last week it was erroneously announced that it would be at Palm.

Fish said that more than 50 youngsters had already registered and members of the Mt. Miguel football team will aid in the contest.

There will be 15 prizes given to young athletes in the age groups from 7 to 11. Three

prizes will go to each of the five ages. These include warm-up jackets, helmets and footballs.

Competition is based on accuracy and distance. Contestants pass, punt and kick down a gridiron. A number representing the feet from a centerline is subtracted from a number representing the distance in feet the ball traveled is used as the score.

Youngsters must be accompanied by a parent as they register at Spears Ford, Broadway at Massachusetts.

Limbering up will get underway at the L.G. Junior high school ballgrounds at noon Saturday, Fish said.

## Mt. Miguel Defeated Third Time In Row

by DAVID CARPENTER

For the third week in succession Mt. Miguel lost a tough defensive battle. This time 7 to 6 at Miguel Field to the Granite Hills Eagles.

Coach Harry Johnston of Mt. Miguel made a flurry of changes but to no avail.

The game was a battle of punts, the Eagles punting six times and the Matadors seven times.

With a minute remaining in the first half, Mt. Miguel blocked Ned Bowker's punt on the Granite Hills 18-yard line and Luther Clark, Matador tackle, recovered it on the 12-yard line. Three plays later the Matadors were in a third down and 15-to-go predicament. Q.B. Gary Sander fired a strike to flanker Tim McKinney on the goal line for the Matadors' first

touchdown in three games. Clark's kick was blocked and Miguel held a 6-0 lead at the half.

### EAGLES GET BREAK

When Mt. Miguel was forced to punt from their own goal line in a fourth and 34-to-go situation, the Eagles took over the ball on the Miguel 37-yard line.

They drove to the Matador one but lost nine yards on the next play when Ron Schwab Miguel's right end, tackled Dick Mather on the 10. However, Russ Eckhardt took Mather's pitchout and ran the 10 for a score on the next play.

With two minutes left in the game Granite Hills punted into the Matador end zone for a touchback. Mt. Miguel took over on their 20. After driving to the Eagles' 43 they ran out of gas. Granite Hills ran out the remaining 35 seconds on the clock and dealt the Matadors their fourth loss.

### BOX SCORE

	Mt. Granite	Miguel Hills
First downs	6	14
Rushing yardage	76	114
Passing yardage	36	74
Passes attempted	3-10	6-12
Passes intercepted	0	0
Fumbles lost	0	0
Punting average	74-1	63-3
Yards penalized	55	5

### Running Billard Area

Adjoining it is a "pro shop" where high-quality bowling equipment and garb is for sale. Frank Cherry, shown here in the pro shop is manager of the whole works. He invites people to drop by between 11 a.m. and 1 p.m. any day of the week to look over the place and shoot a game. Between Nov. 1 and Dec. 4 Frank is holding a special sale after which free merchandise will be given away. People get tickets toward the free stuff with each purchase.

## Lose 3 Games On Road

## CHARGERS RENEW DENVER RIVALRY

SAN DIEGO — Back home after a disastrous three-game road show in the East that saw them lose to Buffalo, Boston and New York, the San Diego Chargers prepare this week to take on the high-kicking Denver Broncos Sunday at Balboa Stadium. Kick-off time is 1:35 p.m. (PST).

APC television will beam the game throughout the Mountain Standard Time Zone, while the Chargers' radio network, KFMB, 540 on the dial, is the San Diego area outlet — will broadcast the action. San Diego, naturally, is blacked out on the telecast.

The game will renew the battle of wits between Charger General Manager and Head Coach Sid Gillman and his counterpart with the Broncos, Jack Faulkner, who served as an aide to Gillman for 13 years. In their first meeting (Sept. 7 at the University of Denver Stadium), the Chargers were upset victors, 30-21. It marked the first time in seven encounters — two pre-season —

that the Chargers fell to Denver.

Since then, the Broncos have rolled up a 6-2 record (they lost Sunday to Buffalo, 45-38), while the injury-plagued Chargers are now 3-5. Dallas is a half game ahead of Denver with a 6-1 mark.

San Diego again will rest its hopes on the passing of John Hadl and Dick Wood, the receiving of Don Norton and Dave Kocourek and the rushing of Jacques MacKinnon. Bobby Jackson and Ezekiah Ezekial Braxton III. Gillman is also counting upon a fierce pass rush from the "Fearsome Foursome," working again homogeneously after being riddled by injury throughout the campaign, and a healthy Chuck Allen, All-League middle linebacker, to aid some thievery to the defensive secondary.

One of the main orders of business will be to form a nominating committee. Election of officers for the 1963 season will be held at the Nov. 8 meeting, which also will be at S.V. Junior High.

## JIM COLLINS HEADING INTERNATIONAL CLUB

The 60 members of Mt. Miguel's International Club elected officers at the first meeting of the year held in October. Officers for the 1962-63 school year are as follows: Jim Collins, president; Clara Folk, vice president; Carol Buckner, secretary, and Elaine Budzinski, treasurer.

### "SALVATION"

The greatest demonstration of the necessity for every person to be saved is the presence of death. Death came upon Adam and Eve when sin came into their life and person. If we did not inherit the effects of sin, we could not die until we had committed sin. But death stalks us from our birth and even prior to birth, therefore every person needs salvation.

SAN DIEGO COUNTY

The new look is all numerals instead of letters and numerals. In fact, you probably have dialed some of these new numbers already, as many have been assigned since December, 1961. The next issue of your telephone directory will show only all-numeral telephone numbers.

Actually, the only change involved is that numerals replace the two letters in the prefix name. And since the numerals correspond to the same dial openings as the letters they replace, dialing itself is unchanged. (The Area Code shown is only for people calling you from outside your area.)

Growth is the reason for this change because it is rapidly exhausting letter combinations for usable prefix names. Twenty years ago there were less than 23 million telephones in the U.S. Today there are more than 77 million phones, and we're growing so fast that by 1975 there

may be more than 160 million phones. But going to an all-numeral system throughout the nation will help make enough phone numbers available to keep up with this growth.

And All Number Calling has other advantages. It eliminates the confusion between the letter "O" and the numeral "0" and the letter "I" and the numeral "1." It prevents wrong numbers caused by mistaken spelling, such as "CI" instead of "CY" for Cypress. Also when all telephone numbers are all numerals, the letters can be removed from the dial, making dials easier to read and use.

## Trio Campaigns For Glenn Anderson

**PRETTY CAMPAIGNERS** — Lee Anderson, attractive wife of Lieutenant Governor Glenn M. Anderson was guest of honor at a reception given in Lemon Grove last week by Sarah Betts. Mrs. Anderson, left, was in town to campaign for her husband and to renew acquaintanceship with Mrs. Betts whom she knew in Sacramento when Mrs. Betts was the wife of the State treasurer. The Betts were divorced last year and the treasurer has since remarried. Mrs. Betts lives here on Palm ave. Also in the picture looking at a copy of this newspaper's coverage of the election, is Kay Forrester, a Hollywood writer-actress. Miss Forrester also campaigning for Anderson, has just finished "Five Minutes To Live" for Astor Films. The beautiful trio spent only a half-hour or so at this newspaper's office, but the male population of the publication is still "afloat."

## Busterud Asks Gov. Brown To Repudiate Betts

John A. Busterud, Assemblyman and candidate for State Treasurer, has wired Governor Brown asking him if his refusal to investigate the "conflict of interest" involving his incumbent Treasurer Bert A. Betts meant he condoned such activities and thus represented a repudiation of his recent statement, "Elected officials are not only policy makers for government; they are trustees for the high ethical standards which are vital to the life of a democracy." As such, their actions must not only be above reproach but beyond question.

The above statement was made by Governor Brown in reply to the question submitted by Herman H. Ridder, publisher of the Long Beach Independent Press-Telegram: "Do you believe that loans by government contractors to public officials or members of their families are in the public interest?"

In his wire to Governor Brown, Busterud pointed out that a bank holding State deposits is a government contractor and thus called upon the Governor either to publicly condemn transactions as his Treasurer Betts' borrowing money from the Central Valley National Bank to buy stock for himself in that same bank and other similar activities, or to repudiate his statement that elected officials' "actions must not only be above reproach but beyond question."

Should Governor Brown fail to repudiate his State Treasurer's activities, such a failure, Busterud said, can only be interpreted by the people of California as indicating that while one day Governor Brown disapproves loans by government contractors to public officials, the next day for political expedience he approves them.

To date, Governor Brown has not replied to the wire.

## Van Deerlin Says Port Development Hinges On Race

## Choose Courage and Foresight

FOR several months Your Congressman, James B. Utt, has been the target of liberals, pacifists, and one-worlders. He has been repeatedly denounced for his forthright position against Castro, Communism, and relying on the United Nations for our foreign policy.

Since the Bay of Pigs tragedy, he has kept a vigilant eye on Cuba's arms build-up. Seven months ago he was reporting on the floor of Congress what President Kennedy called "this secret, swift, and extraordinary build-up of Communist missiles." He has repeatedly, in speeches, newsletters, and interviews, called for a strict blockade of Cuba.

Finally, on Tuesday, October 16, at 9 a.m., "unmistakable evidence" was presented the President. With few exceptions, the name-calling pacifists hid in the shadows as the President addressed the nation on Monday, October 23.

High praise is due Mr. Kennedy for his courageous message. Public reaction has shown that America is solidly behind this move. World reaction has brought many of this country's severe critics from their ivory towers into an understanding of the real dangers Cuba presents and they have quickly rallied to approve and support this nation's action.

It is very unlikely that the Communists will attempt to "run" America's blockade by ordering their ships to sail on to Cuba. It is very likely that they will attempt to ruin that blockade by cranking their propaganda machine into high gear, by heaping abuse on the United States, its embassies, and its leaders.

President Kennedy recognized this likelihood when he said:

"Many months of sacrifice and self-discipline lie ahead—months in which both our will and our patience will be tested—months in which many threats and denunciations will keep us aware of our danger. But the greatest danger of all would be to do nothing."

Mr. Kennedy further noted the chosen path is "full of hazards . . . but it is the one most con-

sistent with our character and courage as a nation and our commitments around the world. The cost of freedom is always high—but Americans have always paid it."

Congressman Utt agrees completely with these words. There is little difficulty in joining a bandwagon. But it takes courage to be a leader. Mr. Utt was a leader for this type action in the House of Representatives just as President Kennedy is the leader of this action to the world.

THE President's speech cannot be taken simply as a vindication of those who foresaw and forewarned of this danger. It is, even more, a call to the people to elect men with proven experience, courage, and foresight; a call to elect leaders who are willing to withstand pressure and disapproval to preserve our national ideals.

We believe his ten-year record of service as Orange and San Diego Counties' Representative clearly demonstrates that James B. Utt is such a man. Now, more

than ever before, his leadership, insight, and strength are needed in Washington.

The fate of this nation, of the entire world, may rest in decisions made by our representatives in the coming months. Leaders of both parties have asserted Cuba can no longer be a political issue. They are correct. It is a national issue of the highest order. How this issue is handled is important to every citizen of this nation.

On November 6 you will have your chance to declare where you stand on this national issue. For your county, state, and national security, for the future of your American heritage and ideals, we urge you to choose the man with demonstrated experience, courage, and foresight.

The new building, to be headquarters for 44 men, is to be built on the south frontage road on Camino del Rio 500 yards west of Ward rd.

The Patrol is expected to give up its present building at 3704 W. Camino del Rio when the new building is completed in March, according to Capt. Roland Gautsche, CHP area commander.

### Science Textbook By Helix High's William Ramsey Becoming Popular

"It's really going great," William Ramsey, Helix High school science teacher, says about his book *Modern Earth Science*, published by Henry Holt in April of 1961 and already being used widely in earth science classes across the nation. The book was originally planned and written for 9th graders, but it has so many uses it is being used successfully at many age levels from gifted children in grades seven and eight to students in college courses. Plans are to make a special college edition of the present book.

Ramsey's book has an organization different from that of most texts that deal with a study of the earth. For example, there is more emphasis on oceanography and on earth in relations to space. The book also goes more thoroughly than most such texts into the subject of geology, particularly historical geology.

"The book has a sort of open-ended approach. Science of all kinds is on the frontier, and I have tried to point to the unsolved problems and the

RAMSEY OF HELIX Science Author

directions being taken as efforts are made to find solutions," Ramsey says. The book — and Mr. Ramsey's course at Helix — makes use of all the basic sciences and shows students the need for a thorough grounding in all the sciences.

Ramsey came to the Grossmont District in 1948. He is a graduate of San Diego State College with a master's degree and has attended National Science Foundation Institutes during summers. He now works in summer as an oceanographer at Naval Electronics Laboratory.

## TRAILER LIFE NEWS

by Margaret Gill

### WEATHER "COOLS" SHUFFLEBOARD ACTIVITY AT LAKEVIEW MANOR

Cool nights have about stopped the shuffleboard in the evening. But, the women who played on Monday night are now going to play on Wednesday afternoon, as you know we women must have our exercise.

Heard the good news today that Frank Evans is back home from the hospital and we all hope all the tests have been made that he will soon be back to normal again.

See the Daubens are back from vacation and driving the little red car around the park again.

Wednesday, Oct. 24 some of the women of the park went to Los Angeles on the early morning train and returned that night on the late train. Went up to go through the stores and see what we could see. Everyone had such a good time, but understand that the next such trip Clara Wright makes she is going to wear her flat-heeled shoes, as she says it takes too long to take off the high heels every time she sits down.

### CAR BUG BITING

Seems the "change of car" bug has been in the park the past few weeks. June and Joe Beard and Phil and Mabel Philpott are enjoying new cars. Of course this could be as one of our residents has gone back to work for a car agency.

The regular monthly picnic was held Thursday at Escondido and as usual a good time was enjoyed and the food was as usual, super, but how could it be otherwise with all the good cooks we have in the park?

On October 23 the ladies of the park met at the clubhouse at a combined meeting of the Chat and Sew group and the Hobby Club. Many of the ladies who are making beautiful gifts shared their ideas with others, also the ladies who sew for the Salvation Army accomplished considerable work. It was really a very instructive afternoon. We missed our manager, Margaret Peterson, but she and her husband, Pete, had left on an overnight trip.

### TRAILEROYAL VIEW TERRACE NEWSLETTER

Things are really humming out here at TraileRoyal View Terrace Park in Spring Valley. With the end of summer we find quite a few folks returning from vacation trips. The Lawtons, Lucius and Vivian have pulled in at the end of a nice three-week trip which they enjoyed very much. They had to return to this area to find perfect weather. Their trip took them north over a good many miles of scenic country. Also, on their return, they made a short trip to the Traile-Royal Marina Estates at Salton Sea. We understand their fish-in' luck was good.

Everett and Thelma Kerr have also returned from a fine trip which took them north and we are told a bit east. We are happy that everyone had nice vacations this summer.

Ed and Anna Craig are enjoying their new 10 x 50 Parklane, are getting pretty well setup by now. Fred and Mary Morrison are in their new 10 x 55 Mobil home and are quite pleased with it. It is also news that Ray and Bea Purtee, managers, are well settled in their 12 x 60 foot Parklane, after what seemed like a long wait for it to be finished and delivered from the factory.

Hostesses for the month of October were Bea Purtee, Dorothy Phillips, Fern Poe, and Elaine Glover. Last week found the ladies busy packing candy for the Halloween trick or treaters who made their annual pilgrimage to the recreation hall. We are happy to see them. It reminds us of times too far back to mention.

New tenants this week whom we wish to welcome are Fred and Anna White and daughter, Rhonda, Lloyd and Eileen Dady and daughters, Grace and Doris. The Whites are just in from
